## Review

### Kishore Rao

Chairperson Karnataka Branch

We have stepped with renewed hopes into a new financial year. The TCS-10K Run, an annual fundraiser event was back after a 2-year gap, a harbinger of good days. Our team participated as 'Buddies' for visually impaired persons from National Association for the Blind, joined enthusiastically by Oracle volunteers.

The message against Tobacco was effectively conveyed on World NO TOBACCO Day through street plays, talks by experts and a walkathon by the students of Bangalore Institute of Dental Sciences. Another group from Krishnadevaraya College undertook an Oral Cancer check-up for cab drivers at the Bangalore airport, followed by Tobacco Cessation counselling. Kudos to all these student activists - you are doing a great job!

Our Screening camps continued apace in Mangaluru, Kalaburagi and Bengaluru. Special mention must be made of a session at the Police Academy in Bengaluru conducted under the aegis of Rotary Bangalore Downtown. As I sign off, I must share that our team is now all excited to implement the mega project that we have bagged from Oracle. We will share more news as we go along.
